# A Safe And Responsible Return To Travel

As you look to get back on the road, we continue to ensure our trips are safe for everyone. That includes our travellers, our leaders and crew and the people we visit along the way. Our health and safety policies follow recommendations from the World Health Organization and the World Travel & Tourism Council's (WTTC) Safe Travel protocols for tour operators. Before we resume trips in any destination, our itineraries undergo a comprehensive risk assessment and audit, while leaders and suppliers will complete COVID-19 health and safety training. We have also introduced specific policies around testing and vaccination for your safety.

On the 29th July 2021 we introduced new safety measures that apply on all of our trips, except for tours in Australia and New Zealand. Travellers are required to produce:

- Proof of COVID-19 vaccination

In all cases, you must be fully inoculated. This means you must receive the full dosage of the COVID-19 vaccine and allow enough time for immunity to take effect. Each COVID-19 vaccine has different dosages and timeframes for inoculation, so please check the relevant medical advice associated with your vaccine.

These new safety measures that apply on all of our trips, except for tours in Australia, New Zealand and the Cook Islands. From the 1st December 2021 travellers are required to produce proof of COVID-19 vaccination on all of our trips.

If you are unable to be vaccinated for medical reasons, you may apply for an exemption. Exemptions will be assessed on a case-by-case basis. To apply, you must provide a medical certificate from a medical professional.

Children under 18 are exempt. Children aged between 5 and 17 years old must provide proof of either vaccination, recovery or a negative COVID-19 test. Please see the below section on children for further details.

## Who we are

## Flexible bookings

We understand that sometimes plans change. That's why, when you book with us you have the flexibility to change your travel plans to suit you – with assurance that your money is protected.\*

## Certified B Corp

When we became certified as the world's largest travel B Corp in 2018, it was not only our official pledge to be a responsible business, but also a promise to be the best travel company for the world.

\* In some cases, we may be unable to offer these flexible conditions for your Tailor-Made itinerary. If this is the case, your Tailor-Made consultant will make you aware prior to you paying your deposit.

## About your Tour Leader

### **Group leader**

On this trip you will be accompanied by one of our tour leaders. The aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible.

Your leader will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the places visited on the trip, including historical, cultural, religious and social aspects. We aim to support local guides who have specialised knowledge of the regions we visit. If you were interested in delving deeper into the local culture at a specific site or location then your leader can recommend a local guide service in most of the main destinations of your trip.
